Dear Professor Wayessa,

The Council on Liberal Education approved AFRO 3016 for the Historical Perspectives Core and provisionally approved the course for the Global Perspectives (GP) Liberal Education Theme requirement.

The reviewers were confident the course would be a strong GP course and they asked that the criteria below, which must be met by all theme courses, be overtly addressed in the course syllabus.

All Theme courses have the common goal of cultivating in students a number of habits of mind:

- thinking ethically about important challenges facing our society and world;
- reflecting on the shared sense of responsibility required to build and maintain community;
- connecting knowledge and practice;
- fostering a stronger sense of our roles as historical agents.

Please submit a revised syllabus with changes highlighted in a Word or PDF document to facilitate course re-review in ECAS and to russellk@umn.edu. Once it is received and reviewed by our office, we will be happy to certify the course. If you have questions regarding the LE proposal process or the CLE's feedback, please review the [frequently asked questions](#).

Thank you,
Katie
