Dear Professor Karjanen,

When there are plans for a course with Liberal Education cores, themes or a writing intensive designation to add an online/remote modality, the Council on Liberal Education reviews the course to ensure all criteria for the LE are met in the new format. Accordingly, AMST 2011 was recently reviewed for the Historical Perspectives (HP) Core and Civic Life and Ethics (CIV) Theme. The Council provisionally approved the course to be offered for both requirements in the proposed online modality.

Prior to final approval, the Council requests that more detail be added to the LE statement and/or course schedule to clearly evidence where concepts of ethics surface in the course.

If you have questions regarding the LE proposal process or the CLE's feedback, please let me know or review the [frequently asked questions](#).

Please submit a revised syllabus in Coursedog and send a copy to chri2412@umn.edu with changes highlighted in a PDF or Word document. The OUE team will review the materials and certify the course.

Best,

Berne
